

Building for the Future

USP Steels invest in young talent

USP Steels Ltd, a leading supplier of Steel Sheet & Plate from 0.90 to 25.00mm continue to invest in the next generation of young talent.

We believe that people are at the heart of any successful business and as such, we are always looking to strengthen our team to gain a competitive advantage.

Luke and Gabe are our newest additions to our sales team and will complement the current team with additional drive and enthusiasm. Making sure that our core values are always met and we maintain our excellent level of service.

Picture from left to right

Luke Cowen (19) Our newest Sales Trainee. Luke possesses great confidence and is rapidly learning about our industry and products readying himself to start selling.

Gabe Jones (18) has been with USP Steels for 2 years now. Joining us as a sales admin apprentice he has now moved into sales. Gabe already has a good knowledge of our Industry and products and is working hard to bring in new business to USP Steels.

I am sure you will join us in wishing both Luke and Gabe success for the future.
